Zenis Purohit

Frontend Developer

Profile

I am a dynamic Frontend Developer seeking a Full-stack role. With hands-on experience in technologies like SQL, MySQL, HTML, CSS, JavaScript, Wordpress, and React js, I bring a robust skill set. My internship at Rishabh Software and WordPress development experience in Vadodara have honed my abilities. A Computer Engineering graduate, fluent in English, Gujarati, and Hindi, I am a quick learner and team player, poised to contribute to innovative projects. Employment History

Internship at Rishabh Software, Vadodara

January 2023 — June 2023

- During my internship as a Full Stack Developer at Rishabh Software in January 2023 to june 2023.
- I received comprehensive training in various technologies and frameworks.
- This included Core Python, Django Framework, React js, GIT, and an introduction to AWS services.
- Throughout the internship, I had the opportunity to work on the "Book My Meal project, gaining hands-on experience and solidifying my skills as a Full Stack Developer.

Wordpress developer at Akshar Softweb, Vadodara

August 2023 — October 2023

- Developed and maintained custom widgets to display dynamic content on websites, resulting in a X% increase in page views.
- Developed custom shortcodes to enable users to generate complex content with minimal effort.
- Developed website using Wpbackery, Slider revolution, Contact form 7, News letter, etc..
- Also I used elementer for duing some changes in website.
- Developed and implemented a caching system that reduces server load and improves website performance.
- Developed and implemented a backup system that ensures data integrity and allows for quick recoveries in the event of an outage
