Profile

I am Nivedita Sutariya ,Front-end-Designer.
I am looking forward for my first work experience. I am responsible, creative and have the ability to work under pressure. My main objective is to get a job that allows me to show my creativity, skills and my enthusiasm in development field. Moreover, as a person, I'm a quick learner and I love working in a dynamic and challenging environment where I can constantly learn something new. In my opinion one of the most important things is how to be an effective member in a team.
