SUMMARY:

Passionate full-stack web developer skilled at crafting solutions for real-world problems through a blend of technical expertise and creative problem-solving.

EDUCATION:

B.Tech in **CSE | Bipin Tripathi Kumaon Institute of Technology |** 2018 – 2022 **76%**

EXPERIENCE:

System Engineer - Tata Consultancy Services (TCS) | July 2022 – Present

- Worked in the Data Quality team to ensure the accuracy and reliability of data within the database.
- Developed a web interface using **React.js** for clients to interact with workflows, enhancing user experience and streamlining operations.
- Managed both testing and development processes, showcasing proficiency in overseeing end-to-end software development life cycles.

Web Developer Intern - Vision nanny | Sep 2021 – Oct 2021

- Designed and implemented authentication and authorization functionality utilizing Vue.js and Firebase, enhancing user security
- Implemented service workers to optimize performance and user experience, resulting in a 20% increase in page loading speed and enabling offline functionality for web applications

Web Developer Intern – Macco Robotics | July 2020 - Oct 2020

- Built the backend infrastructure for robotic operations, utilizing PHP and integrating with databases for efficient data handling.
- Handled the integration between the front-end and back-end using Vue.js.

PROJECTS

Task Manager :

- **Technologies Used:** React.js, Node.js, Express.js and MongoDB
- **Authentication:** Implemented React Context for user authentication with HTTP-only cookies and JWT for secure authentication
- **State Management:** Utilized Redux for centralized task management
- **Notifications & Scheduling**: Integrated WebPush for real-time notifications and Node-Scheduler for managing task schedules
- **Features:** Enabled task creation, recurring tasks, and notifications on due date/time:

Mentor hiring

- Developed a website for hiring mentors and coaches.
- Utilized Vue.js, Vuex, Vue Router and Firebase

E-commerce

- Developed an E-commerce platform for the sale of fresh fruits and vegetables.
- Utilized Laravel, Vue.js, Vuex, PostgreSQL

Chat App

- Acquired knowledge and experience working with Pusher and Real-time technologies.
- Utilized Laravel, Vue.js, and Heroku

TECHNICAL SKILLS:

- **Frontend -** JavaScript, React.js, Vue.js, Redux.
- **Backend –** Node.js, Express.js, Laravel.
- **Database –** MySQL, MongoDB, PostgreSQL.
- **Programming Languages –** C++, JavaScript

Achievements:

- Cleared **Wings 1** in web technology at **TCS**
- Participated in **Kickoff** challenges.
- Secured **AIR 25** in IEEExtreme 13.0
- Secured **AIR 22** in IEEExtreme 14.0
