Who Am I?

Hey there! I am Komal Surti, and if there is one thing you should know about me, it's that I wear many hats - and I love it! Sure, I am a digital marketer, content writer, and social media manager, but that's just one part of my story.

When I am not working, you will probably find me singing my heart out (my private concerts are legendary... in my head!), planning my next trip or creating something fun just because it makes me happy. I am the kind of person who finds joy in the little things - like a good playlist, a new travel destination or brainstorming ideas over a hot cup of coffee.

BRAND MAKER

I love meeting new people, trying new things and turning everyday moments into great memories. Life, for me, is all about staying curious, having fun and doing what makes my heart happy.

So, that's me in a nutshell - a mix of creativity, adventure and a lot of laughter.

Why me?

I Deliver results that really matter

As an experienced digital marketing professional with over 8 years of experience, I specialize in digital marketing, SEO, content creation and social media management. I have had the pleasure of working across diverse sectors, helping businesses touch-up their online presence and reach new audiences.

My approach is simple but effective. I tailor strategies to meet the unique needs of each client's website and social media profiles, ensuring my efforts directly support their goals. From enhancing visibility to driving meaningful engagement, my focus is always on delivering results that make a real impact.

I keep clients in the loop at every step, sharing regular updates and detailed reports to demonstrate how our strategies are making a difference.

If you are looking to strengthen your digital presence or boost engagement, I am here to help you achieve success.

What I do?

1. Digital Marketing:

I develop data-driven digital marketing strategies that align with each client's business goals. My work includes SEO, PPC, email marketing, and online advertising, all designed to increase visibility, attract the right audience and drive conversions.

2. Social Media Manager:

I specialize in managing social media profiles exclusively, focusing on building authentic engagement and connecting brands with their target audiences. My services do not include website management; instead, I dedicate my expertise to social media - crafting engaging posts, analyzing performance, and ensuring each profile strengthens the brand's online presence.

3. Content Creation:

I create impactful, audience-focused content tailored to resonate with each client's brand voice. This includes blog posts, website copy, and social media content that not only engages but also aligns with SEO best practices to boost online visibility.

Looking forward to bringing fresh energy and ideas to your projects!
