Professional Experience

ProPropfs (UI Developer)

July 2023 – August 2024 :

Developed high-converting landing pages for various products aligned with marketing strategies, ensuring optimal performance and page speed using technologies like HTML, CSS, JavaScript, and Bootstrap. Translated Figma and Adobe XD designs into pixel-perfect, responsive web pages. Collaborated effectively with design, content, and marketing teams to deliver user-centric, visually appealing, and scalable solutions.

Created 100+ Landing pages with 98% accuracy.

Enhanced website performance by improving page speed from 70 to 90+ on desktop and 65 to 85+ on mobile.

Boosted accessibility scores from 70 to 90+.

Ajay Kumar Garg Engineering College :

Assistant Professor 2021 – 2022:

Delivered comprehensive instruction in Web Designing, Compiler Design, HTML, and CSS to third-year B.Tech students, fostering a deep understanding of front-end development concepts and programming principles.

Projects

Webinar Ninja :

Webinar Ninja is a SaaS product that is popularly rated as the best webinar coaches, trainers, consultants, and businesses.

Picreel:

Picreel is a platform for conversion rate optimization. It uses exit-intent technology to display targeted offers, pop-ups, or opt-in forms when a user is about to leave a website, helping businesses increase conversions and capture leads.

Qualaroo:

Qualaroo offers customer feedback and survey tools for businesses to gather insights and improve user experience through targeted surveys on website and mobile apps.
