---

I'm Divyam Lathiya, a **BCA** student. I am pursuing a Bachelor of Computer Applications at the time I learn multiple languages and solve real-world problems. I learn about **C**, **C++**, **HTML**, **CSS**, **basic Java**, and **MySQL**. For instance, I could pursue a role as a web developer, leveraging my knowledge of HTML and CSS to create visually appealing websites.

Your Dream + My Expertise = Performant and Reliable. Let's Build Something Extraordinary!

WORK EXPERIENCE

◉ Megascale **Surat, Gujarat, India**

Summer Intern • Apr 2024 - Jun 2024

- As an intern at a Megascale IT company, it must be an exciting opportunity. You might get the chance to work on cutting-edge technologies and large-scale systems and gain valuable experience in a fast-paced and dynamic environment. Megascale organization has equipped me with the insights and skills necessary to thrive in today's dynamic and ever-evolving IT landscape.

◉ EDUCATION

Bachelor of Computer Applications in Computer Science

Veer Narmad South Gujarat University (VNSGU), Surat • GPA: A • Jul 2023 - Jul 2026
I am a student of BCA at **Sutex Bank College** under **VNSGU**. I am eager to apply theoretical knowledge to real-world projects and collaborate with industry professionals. I am passionate about software development, data analysis, and emerging technologies. Keep on continuous learning and growth in the field of computer science.

◉ PROJECTS

Java-CRUD • Jan 2025
I developed a Java-CRUD application using Apache NetBeans as the IDE and PHPMyAdmin with XAMPP for local server management. JDBC was integrated to connect the Java app with MySQL, enabling smooth CRUD operations for data management.

A Restaurant Website - MyOnlineMeal.com • Apr 2024
Responsive website of restaurant MyOnlineMeal. A webpage where you can order your meal. Here I show our clients as an example and provide a contact form for users [Name, Email, Contact Number, Message]. The vibrant imagery and positive reviews promise a memorable visit! Feel free to share your captivating feedback with your professional network.
