Profile

As a **front-end developer**, I am passionate about **crafting intuitive user interfaces and seamlessly integrating APIs** to enhance digital experiences. I specialize **in HTML, CSS, and JavaScript**, with strong expertise in **React for building dynamic web applications**. My experience extends to **Shopify for e-commerce solutions** and **Adobe Experience Manager (AEM) for enterprise content management**. Skilled in **Git for version control**, I also leverage **Tailwind CSS for efficient styling** and **Bootstrap for rapid prototyping**. I enjoy blending **design aesthetics with functionality**, ensuring optimized performance and an exceptional user experience.

Experience

Embitel Technologies (A Volkswagen Company)

Pune, India

Shopify/Software Developer

Apr 2024 - Present

Technologies: Shopify, Liquid, JavaScript, CSS, SCSS, Git, JIRA

Project: P.C. Chandra Jewellers

- Designed & developed a full Shopify store with a seamless user experience.
- Utilized Shopify Liquid to dynamically fetch and display backend data.
- Implemented a custom schema, enabling no-code modifications for the client.
- Built & integrated a custom Shopify app within the store's ecosystem.
- Integrated third-party apps for enhanced functionality and interoperability.
- Used Shopify Store API for efficient data management.
- Developed high-performance, responsive web pages using HTML, CSS, and JavaScript.
- Optimized website speed, achieving 90+ Lighthouse scores on desktop.

Project: Shopping Cart

- Developed a responsive & optimized shopping website using Shopify, CSS, SCSS, and Bootstrap.
- Created reusable templates and snippets for better maintainability.
- Built dynamic Shopify components with HTML, CSS, SCSS, and JavaScript.

Tata Consultancy Services (TCS)

Lucknow, India

AEM Front-End/Software Developer

Jan 2021 – Apr 2024

Technologies: AEM 6.5, JavaScript, HTML, CSS, SCSS, React, Bootstrap, Git

Project: AstraZeneca

- Developed a fully responsive website for AstraZeneca, a leading pharmaceutical company.
- Enhanced site performance, achieving 90+ Lighthouse scores on desktop & 70+ on mobile.
- Resolved front-end issues in React applications, improving functionality and speed.

AEM Development & Leadership

- Expertise in AEM 6.5, including Sites authoring, Experience Fragments, MSM, CRX/DE, Dispatcher, and Package Management.
- Contributed to the full SDLC, from analysis to implementation.
- Defined AEM architecture, site assembly strategies, and best practices.

- Developed AEM templates, components & fully responsive websites with high security and performance.
- Implemented advanced AEM features: Editable Templates, Client Libraries, Style Systems, and Content Fragments.
- Converted designs from XD, Zeplin, wireframes, and Figma into pixel-perfect AEM implementations.
- Managed large-scale website migrations, including template and content transfers.
- Delivered 25+ critical websites, maintaining 95%+ accuracy & user satisfaction.
- Developed 35+ reusable CSS/JS templates ensuring cross-browser compatibility.
- Led a team of 10 developers, successfully delivering 25+ websites ahead of schedule, maintaining 95%+ CSI.
