Profile Summary

I am a highly motivated and eager fresher aiming to launch a successful career in Full Stack Web Development. Equipped with a solid foundation in various technologies including the MERN Stack (MongoDB, Express.js, React.js, Node.js). I have strong communication and analytical skills. I am passionate about continuous learning and ready to contribute effectively in a dynamic work environment.

Technical Skills

Programming Languages – JavaScript, Java
Frontend – HTML, CSS, React.js, Next.js, Tailwind CSS
Backend – Node.js, Express.js
Databases – MongoDB, MySQL
Cloud & Deployment: Vercel
Tools/Other –Version Control System (Git&GitHub), Postman, VS code

Education

Indira Gandhi Institute of Technology, Sarang **Nov 2022 – May 2024**
Master of Computer Application (MCA)-CGPA- 8.93 Dhenkanal, Odisha.

Work Experience

Full Stack Developer Intern – Code Alpha (Remote) **Apr 2024 – July 2024**
Secure Authentication System- React.js, Node.js, Express.js, JavaScript, MongoDB, Git, node-mailer, JWT

- Developed a secure user authentication system using MERN stack and node-mailer for OTP-based email verification and password recovery.
- Implemented JWT authentication, enhancing user account security and privacy.

Projects

Job Portal Website – (MERN Stack) (GitHub, Link)
Tech Stack – React.js, Node.js, Express.js, JavaScript, MongoDB, Git, Clerk, Sentry

- Developed a feature-rich job portal enabling job posting, search, and applications.
- Integrated Clerk for secure user authentication and Sentry for real-time error tracking.

LMS Website- (MERN Stack) (GitHub, Link)
Tech Stack – React.js, Node.js, Express.js, JavaScript, MongoDB, Git, node-mailer, JWT

- Built a full-featured LMS website with role-based access for educators and students.
- Integrated Clerk for authentication and Stripe for payment processing, allowing only paid users to access video content.

Full Stack Food Ordering Website- (MERN Stack) (GitHub, Link)
Tech Stack - React.js, Node.js, Express.js, JavaScript, MongoDB, Stripe

- Designed and implemented a food ordering platform with category-based search and secure payments.
- Developed an admin panel for managing food items and payment status, boosting operational efficiency by 30%.

Certifications

- **JAVA Certification Training**– Besant Technology, Electronic City
- **Full Stack Web Development Course** – Great Learning Academy

Soft Skills - Problem Solving | Teamwork | Collaboration | Willingness to Learn
