Mumbai-400001

I have 1.4 years of experience as a Front End Developer with skills in **React.js**, **JavaScript**, **HTML/CSS**, **Redux**, **Hooks**, **Material UI**, **APIs**, **JIRA**, **GitHub**, and related skills like **responsive design**, **version control**, **RESTful services**, and **state management**.

WORK EXPERIENCE

Front-End Developer
NeoSOFT Technologies | Mumbai | August 2023 – Present

- **Seasoned Front End Developer** with 1.4 years of experience in developing interactive and user-friendly web applications.
- Proficient in **React.js**, **JavaScript**, **HTML5**, and **CSS**, with a strong foundation in front-end development.
- Skilled in using **Bootstrap** and **Material UI** to create responsive and visually appealing user interfaces.
- Extensive experience in **React Redux** and **Redux Toolkit** for efficient state management and data flow in large-scale applications.
- Proficiency in **user interface design principles**, ensuring intuitive and engaging user experiences.
- Solid understanding of **Git** for version control, facilitating collaborative development and codebase management.
- Practiced in **Agile methodology**, participating in sprint planning, stand-ups, and retrospectives for iterative development.
- Experienced in implementing **authentication mechanisms** for secure user access using React and related libraries.
- Familiar with making **HTTPS requests** and handling responses to interact with backend services and APIs.
- Expertise in working with **props** and **dynamic data binding** in React components for dynamic content rendering.
- Proficient in **React Hooks** for functional component state management and simplifying lifecycle methods.
- Skilled in utilizing **React Router** for declarative routing and navigation within single-page applications.
- Strong commitment to **responsive UI design**, ensuring optimal user experiences across various devices and screen sizes.
- Proven ability to **troubleshoot and debug** issues efficiently, ensuring smooth functionality of web applications.
- Capable of working in **fast-paced environments**, adapting to changing project requirements and deadlines.
- Effective communication skills, collaborating with cross-functional teams and stakeholders to deliver high-quality solutions.
- Dedicated to **continuous learning** and staying updated with the latest advancements in React and front-end development.
- Experienced in optimizing web application performance using techniques like **code splitting** and **lazy loading**.
- Proficient in integrating **third-party APIs and services**, enhancing the functionality and features of web applications.

TECHNICAL SKILLS

- **Languages: JavaScript, CSS, HTML, HTML5, CSS3, TypeScript**
- **React Tools: React.js, Redux, Redux Toolkit**
- **Frameworks & Libraries:** React, Bootstrap
- **Components:** React Hooks, Custom Hooks, Lists, Dynamic Data Binding, Props
- **Technologies:** HTTP Requests and Responses, Forms and Validation, Routing, Authentication
- **Tools:** Visual Studio Code (VS Code)

PROJECT

Project Name : Chanel

Domain : Retailer

ROLES AND RESPONSIBILITIES

- **Developed and maintained** front-end components for eCommerce and rental domain projects using **React.js**, ensuring high-quality, scalable, and performant code.
- **Collaborated with designers and backend developers** to translate **UI/UX designs** into responsive and visually appealing user interfaces, adhering to best practices in user interface design.
- **Utilized React Redux** and **Redux Toolkit** for **state management**, maintaining application state consistency and facilitating seamless data flow across components.
- **Implemented authentication mechanisms**, such as token-based authentication, to secure user interactions and protect sensitive data in eCommerce and rental platforms.
- **Integrated React Router** for **declarative routing** and navigation, ensuring smooth user journeys and efficient page transitions within the applications.
- **Leveraged Material-UI** for building consistent and visually appealing **UI components**, maintaining brand identity and enhancing user experience.
- **Handled HTTPS requests** and responses effectively to interact with backend **APIs**, enabling seamless data exchange and real-time updates on product listings, rentals, and transactions.
- **Utilized React Hooks** for functional component composition and **state management**, improving code readability and reusability across projects.
- **Ensured responsive UI design implementation**, optimizing layouts and styles for various devices and screen sizes to provide a consistent experience for users accessing the eCommerce and rental platforms.
- **Collaborated with cross-functional Agile teams**, participating in **sprint planning**, **stand-ups**, and **retrospectives** to deliver features iteratively and meet project milestones efficiently.
- **Utilized Git** for version control, maintaining a clean and organized codebase, and facilitating seamless collaboration and code review processes with team members.

EDUCATION

BTech.
Vasantrao Naik Marathwada University, Parbhani
Passout Year: 2023
Percentage: 77%

PERSONAL DETAILS

- **Date of Birth:** 24/10/2001
- **Languages Known:** English, Hindi, Marathi

DECLARATION

I affirm that all the information provided above is accurate and true to the best of my knowledge. I take full responsibility for the accuracy of the details mentioned.
