SUMMARY

Java Full Stack Developer with 6 months of hands-on experience in building scalable web applications. Proficient in Java, Spring Boot, React.js, RESTful APIs, and MySQL, with a strong foundation in object oriented programming. Experienced in developing dynamic front-end interfaces and integrating them with robust back-end systems. Skilled in version control (Git), agile methodologies, and familiar with DevOps tools, including CI/CD pipelines and cloud platforms like AWS. Committed to writing clean, efficient code and solving complex technical challenges.

EXPERIENCE

Frontend Developer intern

Yahweh Software Solution | Feb 2025-Present

- Built cross-platform mobile apps using React Native for Android and iOS devices.
- Integrated RESTful APIs and implemented state management with Redux.
- OptimizedUI components andcollaborated in Agilesprints.
- Built modular UIs using component-based architecture in React and React Native for scalability.
- Collaborated in an Agile development environment, attending sprints and stand-up meetings.

JAVA Full stack intern

Innovaskill Technology Private Ltd, Bengaluru | Agu 2024-Jan 2025

- Trained in Java Full Stack development, with hands-on experience in Java, Spring Boot, React.js, and MySQL.
- Built full-stack projects integrating RESTful APIs and managed code using Git for version control.
- Applied Agile methodologies incollaborative,real-time development environments to ensure timely and efficient project delivery.

CERTIFICATION

JAVA Full Stack

- Demonstrated foundational knowledge of JAVA Full stack development.

EDUCATION

Bachelor’s of Science (BSc)

Sarada Vilas College,Mysore University | 2021–2024 CGPA : 7.7

Pre-University Course(PUC)

Bright PU College,Mysore University | 2019–2021 CGPA : 68

SKILLS

- **Frontend**
  React.js,HTML,CSS,TailwingCss,JavaScript,Bootstrap,AntDesign,ResponsiveDesign.

- **Backend & Databases**
  Java,Spring,SpringBoot,Servlet,Hibernet,Supabase,MySql,RESTAPIs.

- **Tools**
  Git,GitHub(VersionControl),Postman,VSCode,Figma.

- **Soft Skills**
  Timemanagement,Problem-solving,Adaptability,Teamcollaboration.

PROJECTS

Lynkt–Ed Tech Platform

- Implemented secure login functionality with JWT authenticationDesign.
- Integrated online payments via Stripe, and added Aadhar/biometric verification.
- Developed a comprehensive learning platform for teachers, featuring course creation, test management, and user administration using React.js and Tailwind CSS.

Trading Application

- Built a web-based trading system with secure login, stock search, and transaction functionalities.
- Developed scalable REST APIs using Spring Boot and integrated them with a dynamic React.js front-end. Managed user data, ensured transaction security, and implemented dashboard analytics for user insights.

E-Commerce Website

- Developed a front-end shopping platform with product listings, shopping cart, and checkout modules.
- Implemented a responsive design to ensure compatibility across both mobile and desktop devices. Integrated a dummy paymentgate way and basic product search functionality.
