PERSONAL SUMMARY

Detail-oriented Front End Developer with over all 3 years of experience in building responsive, high-performance web applications. Adept at leveraging modern web technologies such as Next.js, React.js, HTML, CSS, and JavaScript to enhance user experience and drive business results

EXPERIENCE

Z1 TECH Gurugram
Frontend Developer, Technology *Dec 2022 – Present*

- Developed sample pages using **React.js** for client demos.
- Collaborated with global teams (US, Canada, Spain) to support corporate, ad tech, and AI platforms.
- Built React-based **Text-to-Speech** feature for clients using SpeechSynthesis.
- Built a mobile-first 3D foot scanning app using React, TypeScript, and WebSocket for real-time video processing and AI-based foot detection.
- Implemented cross-browser camera handling and audio-visual guidance using MediaDevices API for a seamless user experience.
- Built dynamic product selection workflow with React carousels, conditional routing, real-time cart logic, and Stripe payment integration
- Developed mobile-optimized UI with custom iOS viewport handling, full-screen displays, and cross-platform event management

Blu Ocean PVT LTD, Gurugram
Web Developer, Technology *April 2022 – June 2022*

- Developed and maintained UI using React.js.
- Collaborated in team meetings and contributed to **code reviews**, enhancing the codebase quality and feature development.

SKILLS

Languages: JavaScript, TypeScript, HTML, CSS
