Professional Summary

Software Engineer with **9 months of professional experience at Genpact**, skilled **in Frontend Development (HTML,CSS, JavaScript, ReactJS**), **Core Java, and SQL**. Built live web applications, automated data processes, and improved reporting efficiency. Seeking to contribute as a **Frontend Developer, Java Developer, or SQL**

Technical Skills

Programming Languages: Java, SQL, JavaScript, HTML5, CSS3
Frontend: ReactJS, Responsive Web Design
Databases: Oracle SQL, MySQL
Tools: GitHub, VS Code, Postman
Other: Agile Methodologies, API Integration, Database Design

Experience

Frontend Developer | Genpact | **Feb 2025 – Present**

- Built and optimized **Responsive Web Interfaces** using **HTML, CSS, and JavaScript**, improving usability for internal tools.
- Designed and executed **SQL queries** for reporting dashboards, reducing turnaround time by **15%**.
- Automated recurring workflows with **scripts** to reduce manual tasks and increase accuracy.
- Collaborated with cross-functional teams in an **Agile environment**, ensuring timely delivery of process improvements.
- Partnered with developers and analysts to integrate **SQL-driven reports into frontend views** for better data accessibility.

PROJECTS

- **Personal Portfolio Website** https://rahul-portfolio-rs.netlify.app
  - Developed a **responsive portfolio** using HTML, CSS, and JavaScript to showcase skills and projects.
  - Integrated GitHub repositories and social links for improved recruiter accessibility.
  - Optimized UI for mobile and desktop, achieving **100% Lighthouse responsiveness score**
- .**E-Commerce Website** https://e-commerce-rs.netlify.app
  - Built a **functional shopping site** with dynamic product listings, search, and cart features using JavaScript.
  - Implemented form validation and interactive UI components for better user experience.
  - Deployed on Netlify, ensuring **fast load speeds** and cross-browser compatibility.
- **Hotel Management System**
  - Developed a **Core Java console application** with booking, check-in/out, and customer management.
  - Applied OOP concepts and file handling for **data persistence**.
  - Created a modular codebase, ensuring scalability for database integration and UI enhancements.

INTERNSHIP AND TRAININGS

JSpiders Training Institute **Jun 2024-Jan 2025**

- **Java Full Stack Training**

Completed Java Full Stack training at JSPIDERS Training Institute, with coursework including Java, Oracle SQL, HTML, CSS, JavaScript, ReactJS.

AICTE,NEXT24 **Mar 2024 - May 2024**

- **Front-End Web Development**

Completed a 2-month AICTE internship specializing in Frontend web development at NEXT24, acquiring practical skills in HTML5, CSS3, JavaScript, and responsive web design methodologies.

- **Web Development Training** **Online May 2023**

Successfully completed an intensive 8-week Web Development certification program offered by Internshala Trainings, equipping me with comprehensive skills in Frontend Technologies and diverse web development frameworks.

EDUCATION

B.Tech – Electronics & Communication Engineering **2020-2024**
Christu Jyothi Institute of Technology and Science (JNTUH)

CERTIFICATIONS AND ACHIEVEMENTS

1. Java Full Stack Developer Certification - JSpiders Training Institute
2. Web Development Certification - Internshala Trainings
3 . Frontend Web Developer Internship.
