SUMMARY

Results-driven **Frontend Developer** with **3.4 years of experience** in designing and building responsive, scalable, and user-focused web applications. Proficient in **React.js (Hooks, Redux, Context API)**, **JavaScript (ES6+)**, **HTML5**, **CSS3**, and **RESTful API integration**. Skilled at crafting reusable UI components, optimizing performance, and implementing secure authentication. Adept in **Agile environments**, collaborating with cross-functional teams, and ensuring **responsive, accessible, and cross-browser-compatible** designs.

SKILLS

Frontend: React.js (Hooks, Redux, Context API), JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI, React Router, Responsive Design
Backend: Node.js, Express.js, RESTful APIs, JWT Authentication
Database: MongoDB (NoSQL)
Tools & Others: Git, GitHub, VS Code, Postman, Chrome DevTools, Figma (Basics), Jest (Basics), Redux Toolkit, Azure DevOps (Learning), Vite, Fluent UI (Basics)

EXPERIENCE

Frontend Developer | Wipro Ltd., Pune
June 2022 – Present (3.4 Years)

- Developed **scalable and responsive UI components** using React.js, JavaScript, and Bootstrap for multiple enterprise web applications.
- Managed complex application states with **React Hooks, Context API, and Redux Toolkit**, ensuring modular and maintainable codebases.
- Integrated **RESTful APIs** with real-time feedback mechanisms and robust error handling for improved user experience.
- Implemented **JWT-based authentication** and **role-based access control (RBAC)** to secure sensitive application areas.
- Enhanced performance through **lazy loading, memoization, and code-splitting**, reducing load time by 30%.
- Ensured **cross-browser compatibility**, **mobile responsiveness**, and **WCAG accessibility** compliance.
- Collaborated in **Agile ceremonies** (sprint planning, daily stand-ups, retrospectives) and conducted **peer code reviews**.
- Mentored junior developers, promoting clean code practices and knowledge sharing sessions.

PROJECTS

1. Apex User Management Portal
Client: SilverOak Systems Inc., USA

- Developed a role-based internal HR portal to manage users, roles, and access permissions.
- Built interactive and responsive tables with search, filter, and pagination, improving data retrieval efficiency by 40%.
- Reduced form submission errors by 35% through enhanced validation logic.
- Integrated RESTful APIs for CRUD operations with real-time feedback and notifications.
- Implemented RBAC to prevent unauthorized access and improve data integrity.
- Used custom hooks and modular components to enhance scalability and maintainability.
  Tech Stack: React.js (Hooks, Context API), JavaScript (ES6+), CSS3, Bootstrap, RESTful APIs, JWT, React Router

2. Orion Inventory Management System
Client: TechNova Solutions, USA

- Built a real-time inventory system for managing products, suppliers, and stock data.
- Developed dynamic dashboards and search-enabled tables, enhancing data accessibility for 5K+ records.
- Applied React Hooks and Context API for efficient state management.
- Optimized app speed using memoization and lazy loading, cutting load time by 30%.
- Integrated JWT-secured REST APIs for CRUD operations and audit logging.
- Delivered a mobile-first, cross-browser-compatible, and WCAG-compliant interface.
  Tech Stack: React.js (Hooks, Context API), JavaScript (ES6+), CSS3, Bootstrap, RESTful APIs, JWT, React Router

3. Lumina Employee Engagement Portal
Client: BrightPath HR Technologies, USA

- Created a modern employee engagement platform for collecting performance feedback, surveys, and recognition data.
- Developed role-based dashboards for employees, managers, and administrators.
- Enhanced interactivity using toast notifications, modals, and inline validations.
- Optimized frontend using React Hooks and memoization for smoother rendering.
- Followed clean code principles and component-driven architecture for scalability.
- Ensured responsive layouts and cross-browser accessibility across devices.
  Tech Stack: React.js (Hooks, Redux), JavaScript (ES6+), CSS3, Bootstrap, RESTful APIs, JWT, React Router

EDUCATION

Bachelor of Engineering (BE) – Indira College of Engineering & Management, Pune - CGPA: 7.68

LANGUAGES

English (Proficient) **Marathi (Native)** **Hindi (Proficient)**
