FENI MANGUKIYA

UI-UX DESIGNER AND TESTER

+91 63528 61070 | fenimangukiya1289@gmail.com | Surat, Gujarat

ABOUT ME

I'm a passionate UI/UX Designer and Website Tester dedicated to creating clean, user-friendly, and visually engaging digital experiences. With a strong eye for detail and usability, I design intuitive interfaces and ensure seamless functionality through thorough testing. I enjoy blending creativity and logic to build responsive, accessible, and high-performing websites that deliver exceptional user experiences. I also perform QA testing and pixel-perfect validation using design comparison tools to maintain accuracy and quality. Always eager to learn and adapt, I strive to turn ideas into impactful digital solutions.

WORK EXPERIENCE

CODEFIRE INFOTECH

(1.2 Years Experience)

- Designed intuitive and visually appealing UI/UX layouts using Figma and Adobe XD
- Conducted QA testing and UI/UX audits to identify usability issues and improve overall user experience
- Collaborated with developers to ensure smooth design implementation and responsive layouts across all devices
- Created interactive prototypes and user flows to enhance usability and engagement
- Performed pixel-perfect testing using design comparison tools to maintain design accuracy
- Tested websites for performance, responsiveness, and cross-browser compatibility, ensuring a flawless user experience
