Vishakha Ghevariya – Product Designer
ghevariyavishakha@gmail.com | +91-9327008457 | www.linkedin.com/in/vishakhaghevariya

PROFESSIONAL SUMMARY

Innovative Product Designer with 4+ years of experience across SaaS, FinTech, and E-commerce, specializing in crafting intuitive, user-centered web and mobile applications. Proficient in UX research, user flows, wireframing, and high-fidelity prototyping using Figma, Adobe XD, Illustrator, and Photoshop. Strong in cross-functional collaboration, responsive design, and accessibility standards—delivering scalable design systems and seamless developer handoffs. Focused on creating digital experiences that are both visually compelling and functionally effective.

TECHNICAL SKILLS

- **Design & Prototyping Tools**: Figma, Adobe XD, Sketch, Illustrator, Photoshop, InVision, Framer
- **Wireframing & Prototyping:** Low to high-fidelity wireframes, user flows, interactive mockups, rapid prototyping
- **User Research & Testing:** User interviews, usability testing, A/B testing, heuristic evaluation, journey mapping
- **Frontend Development (Basic):** HTML, CSS, Bootstrap, Tailwind (basic understanding to support developer collaboration)
- **Design Systems & Responsive Design:** Design systems, component libraries, mobile-first layouts, style guides, scalable UI patterns
- **Collaboration & Workflow:** Zeplin, Miro, Jira, Trello, Notion, Figma Libraries, Agile/Scrum environments
- **Accessibility & Standards:** WCAG, ARIA, inclusive design, color contrast, screen reader testing, pixel-perfect design
- **Animation & Interaction Design:** Figma Smart Animate, Lottie, After Effects, Principle, motion design for micro interactions
- **Soft Skills:** Creative thinking, problem-solving, attention to detail, adaptability, team collaboration, communication

EXPERIENCE

Product Designer, Par Solution, India **Jan 2024 – Present**

- Led the end-to-end design of enterprise web and mobile applications, transforming complex user requirements into intuitive, user-friendly interfaces.
- Conducted user research, created personas, and defined user journeys to inform experience strategies and design decisions.
- Designed wireframes, interactive prototypes, and high-fidelity UI screens using Figma, Adobe XD, and Illustrator, ensuring consistency across platforms.
- Collaborated closely with cross-functional teams—including developers and product owners—to ensure smooth design-to-development handoffs and accurate implementation.
- Enhanced the usability of key platform features, leading to a measurable improvement in task completion rate and user satisfaction.
- Developed and maintained responsive design systems and reusable components, ensuring visual and functional consistency across products.
- Conducted usability testing sessions and implemented iterative improvements based on user feedback and analytics data.
- Designed dashboards and data visualizations with a focus on clarity, accessibility (WCAG), and real-time usability.
- Ensured designs aligned with brand guidelines, accessibility standards, and industry best practices.
- Supported marketing and branding efforts with visually cohesive design materials and assets when needed.

UX Designer, Phoenix Technolab, India **Jun 2021 - Dec 2023**

- Worked on UX improvements for web platforms by understanding user needs and pain points.
- Conducted user research and helped translate insights into wireframes and prototypes.
- Collaborated with UI designers and developers to align design decisions with user goals.
- Supported the creation of user flows and interaction designs for enhanced usability.
- Contributed to usability reviews and refinement of product features based on feedback. XD.

UI/UX Designer, Dotmagic Infotech, India **Nov 2019 - Apr 2021**

- Assisted in designing intuitive interfaces and dashboards for Web & Mobile applications.
- Created wireframes, prototypes, and user flows to support design and development.
- Collaborated with developers to ensure accurate UI implementation.
- Participated in usability testing and iterated designs based on feedback.
- Helped maintain design systems and style guides using Figma and Adobe XD.

ACHIEVEMENTS & PROJECTS

- Awarded two milestone certificates at Par Solution for consistently exceeding performance benchmarks and delivering ahead of project deadlines.
- Designed a collaborative web platform for a mid-sized enterprise client, improving team task efficiency by 45% and earning a 5-star client rating for intuitive design and user experience.
- Revamped a low-performing product page by applying UX best practices such as visual hierarchy, responsive layout, and simplified navigation, leading to a 32% increase in user engagement and a 25% boost in conversions, with the client awarding a 5-star rating.

EDUCATION

- Bachelor of Computer Applications
