Career Objective

Front-End Developer with hands-on experience building responsive and scalable web applications using React, Bootstrap, and Tailwind CSS. Skilled in modern JavaScript (ES6+) and UI best practices. Passionate about delivering user-centric solutions and eager to contribute to innovative projects in a growth-oriented organization.

Technical Skills

- Languages: HTML5, CSS3, JavaScript (ES6+)
- Frameworks/Libraries: React, Bootstrap, Tailwind CSS, jQuery
- Mobile & Cloud: React Native (Fundamentals)
- Tools: Git, GitHub, VS Code, Chrome DevTools
- Responsive Design: Flex box, Grid, Media Queries

Professional Experience

Softgrowth InfoTech – Junior Front-End Developer
Jun 2025 – Present

- Developed and maintained an Intern Task Management System to streamline task assignment, tracking, and progress monitoring.
- Built responsive user interfaces with React.js and Tailwind CSS, ensuring cross-browser compatibility and mobile-first design.
- Implemented search, filter, and status-based task categorization (New, In-Progress, Completed) for improved usability.
- Integrated RESTful APIs using Axios, managing authentication tokens via local Storage.
- Enhanced user experience by adding real-time task updates and detailed task views.

Softgrowth Infotech – Front-End Developer Intern
Jan 2025 – Jun 2025

- Developed a responsive e-commerce web app with React & Bootstrap.
- Implemented product listing, category filters, cart management, checkout flow.
- Integrated local storage for cart persistence & session management.
- Optimized app performance with React hooks and reusable components

Projects

TrackIntern – Intern Task Management System | Softgrowth Infotech

- Designed and developed a task management system to streamline intern task assignments and progress tracking.
- Implemented search, filter, and status categorization (New, In-Progress, Completed) for enhanced usability.
- Integrated RESTful APIs with Axios, managing authentication via localStorage.
- Enhanced productivity with real-time task updates and detailed task views.

Education

B. Tech – Computer Science
Shri Sai College of Engineering & Technology, Bhadrawati | 2022 – 2025

Diploma – Computer Science (78.57%)
Ballarpur Institute of Technology, Chandrapur | 2019 – 2022

College Projects

Real-Time AI Voice Agent Interview Platform

Role: Front-End Developer – focused on UI development and API integration.
Developed using HTML, CSS, JavaScript, React, Tailwind CSS, and Vapi AI. Integrated real-time API calls to Vapi AI for AI-driven interviews, dynamic question generation, and personalized feedback. Built a responsive UI with Bootstrap & Tailwind CSS for seamless cross-device usage.

Additional Information

- Strong interest in UI/UX design & performance optimization.
- Quick learner and passionate about writing clean, maintainable code.
